

PLAN ROOF GARDEN FOR CITY PAVILION AT CONEY ISLAND

Municipal Authorities Also Considering Establishing Laundry to Benefit Free Bathers.

With a view toward making the Coney Island free bathing pavilion one of the most complete in the world, Borough President Steers of Brooklyn and Superintendent of Public Buildings and Offices Howard L. Woody have requested a budget allowance of \$40,000.

A roof garden and a steam laundry, the latter to be provided with an up-to-date sterilizing plant, are among the progressive features that may be introduced. With a well equipped laundry, bathing clothing could be furnished by the city to the bathers free of charge. The sterilizing plant would afford thorough disinfecting of all used bathing suits so as to insure a perfect sanitary condition.

As for the roof garden, Supt. Woody regards it as a necessity. Surrounded by plants and flowers, mothers could take their babies to the roof of the big bathhouse and there enjoy a day in the open air while being afforded all the conveniences that a recreation centre should possess. It is proposed to have music on the roof garden, which will be equipped with tables and seats. Families then may bring their luncheon and enjoy their meal within sight of the ocean and while shielded from the sun's rays by a canvas roof, under which the cooling breezes from the sea would sweep.

The project for thus making the Coney Island bath house a real recreation and health-giving centre will be discussed at a meeting of the Board of Estimate.

INVENTOR JUMPS TO DEATH.

Leaps Four Stories From Hospital While Nurse Is Absent.

Charles H. Moore, fifty years old, a retired plumber and inventor, of No. 608 Tenth avenue, Bay Ridge, jumped to his death today from a fourth-story window of the Neurological Hospital on East Sixty-seventh street. He was picked up in the alley between the hospital and the East Sixty-seventh street police station.

Moore was sent to the hospital recently by his son and wife for a rest. He had been showing signs of mental distress. He was at the hospital as a semi-private patient, and jumped from the window, the authorities say, while his nurse was out of the room. Coroner Hunsberger and Coroner's Physician Lebane both went to the hospital and questioned Dr. Ogilvie, who had the patient in charge.

MERCY TEMPER JUSTICE IN COURT

Judge Rosalsky Sentences Man, Then Starts Fund to Support His Family.

Among the prisoners brought up for sentence before Judge Rosalsky, in Part III, of General Sessions, today, was an undersized and half-blind man of thirty years. He was Wyman Oakley of No. 219 West Sixty-eighth street, convicted Tuesday of assault. In September, during a quarrel with a man in a poolroom, he had drawn a knife and slashed him across the face.

As the prisoner was called before the bar, a neatly but poorly dressed woman, with three little girls beside her and holding a small baby in her arms, pressed forward. David Kimball, the probation officer of the court, told the Judge the family was having a difficult time because of the imprisonment of the bread winner. The foreman of the jury that convicted Oakley addressed the Judge, saying:

"It seems to us, the jurors, that if the defendant is sentenced to a penal institution, his home will be broken up and the members of the family will become public charges."

Judge Rosalsky called the wife to the stand and questioned her. The Judge then conferred with Probation Officer Kimball and Assistant District Attorney Weller, who convicted Oakley. Following this conference, Judge Rosalsky sentenced the prisoner to six months in the penitentiary, saying:

"You have disgraced the complainant in this case for life. The majority of the law must be upheld. If I allowed you to go free because of pity for your wife and family I would be untrue to the trust imposed in me."

Then the Judge wrote a check for \$25, which he turned over to Kimball to help provide for the family. Lawyer Hart also wrote a check for \$25. The members of the jury, Assistant District Attorney Weller and Kimball also donated various sums. Altogether, \$300 was raised to provide for the woman and her four children during the imprisonment of the husband and father.

DYNAMITE BOMB WRECKS BUILDING IN PUEBLO.

PUEBLO, Col., Jan. 18.—A dynamite explosion early today partly wrecked the Colorado Laundry, in the heart of the business district of this city, and damaged the office of the Globe Express Company.

City detectives who immediately began an investigation found a dynamite fuse in the alley outside of the express office.

HE CAN'T GET OUT OF ALIMONY CLUB

Dr. James Fisher Tenders His Resignation, but Court Refuses to Accept It.

That alimony defies remarriage and chains its victims in legal subjection, no matter where he wanders or how "lost" to him his former wife is because of the annexation of a second spouse, was doubly shown today when Justice Colahan declined to modify a decree of divorce, which provided alimony, granted to Mrs. May Fisher against her husband, Dr. James T. Fisher, in this city in 1908.

Dr. Fisher and his wife both remarried. Mrs. Fisher being unfortunately enough, however, to select a second husband whose first wife recently had him lodged in jail for six months because of his carelessness in alimony payments.

Dr. Fisher is now in Los Angeles with his second wife. The decree of 1908 awarded Mrs. May Fisher \$50 a month alimony. In the fourteen years since the divorce was granted Dr. Fisher, his first wife says, has paid her only \$1,300. There is now due, she says, \$5,050 in accrued alimony.

Fisher asked Justice Colahan to modify the decree because his first wife had remarried. She is now the wife of Roland Hinton Perry, a sculptor, of No. 51 West Tenth street and has been since 1908. Mrs. Fisher-Perry declares she is in dire straits. She had to pledge and sell her jewelry to educate William Carlyle Fisher, their son, she avers. Then, she says, her second husband's income, "extremely precarious because of his profession," has become steadily less since he was forced to join the "Alimony Club" in Ludlow Street Jail for six months. Fisher, she says, is "living in extravagance and luxury" with another wife on the Coast.

Soon after the decree of 1908, Fisher who is a "man of great wealth" she says, inherited valuable property in Westmoreland street, Boston, and also in Los Angeles. She further charges he has transferred much of his property to his second wife, to avoid payment of the alimony due Mrs. Fisher-Perry.

Justice Colahan denied Dr. Fisher's motion and assessed his lawyer \$10 for costs in making the motion.

Domestic Killed by Gas.

Hilda Haasgrens, twenty years old, a domestic recently over from Finland, was found dying today by her employer, Mrs. Sarah Golde of No. 13 East One Hundred and Twenty-seventh street. The gas was turned on. The Coroner calls the death an accident. On the table was a cheerful letter the girl had just written her mother.

FAT FOLKS FAVOR

Home Mixture That Takes Off the Fat Rapidly Is Harmless in Hot or Cold Weather—Cures No Wrinkles—No Stomach Ills and Requires Neither Dieting Nor Exercise.

Too much fat is both uncomfortable and dangerous, especially in summer, but usually fleshy people prefer to put up with its inconvenience rather than punish themselves with the tiresome exercise usually prescribed, or endanger their health by taking the so-called "cures" and patent fat "reducers" that depress or overwork the heart.

This self-sacrifice of comfort and health to overabundant fat is entirely unnecessary, however, as Mrs. Lucia Biggins tells us there is a home recipe that is far superior in every way to anything money will buy for reducing superfluous flesh. It is said this simple mixture will take the fat off of man or woman at the rate of at least a couple of pounds a week without even causing wrinkles. Moreover, it does not disturb the stomach, but is a good thing for the system, clearing away pimples, and, best of all, it does not interfere with the diet. You can use it and at the same time eat whatever you like. This recipe is as follows:

One ounce Fluid Extract Cascaro, Aromatic and 34 ounces of Peppermint Water. Get these ingredients at any drug store. Mix them together at home and take one teaspoonful after each meal and at bedtime.

Mrs. Biggins, as is well known, is a famous beauty expert, and whatever she recommends is sure to be found eminently satisfactory.

WOMAN SHOPLIFTER CONFESSES IN COURT.

Admits Theft of Five Kimonos, but Pleads That Family May Not Know.

A woman dressed in black velvet, whose face was heavily veiled, was arraigned today before Justice Steiner, Salmon and Mayo in Part I of Special Sessions accused of stealing five kimonos from a department store. She gave the name of Mrs. Elizabeth Booth, but refused to give her address or the names of relatives when asked by the Court.

"I don't care what you do with me," sobbed "Mrs. Booth," but I will not drag my family into this disgraceful affair. I have the best husband on earth, and he would case me away if he learned that I was a thief. I have an old mother who would die with shame if she knew that her daughter was a thief. I can't tell you why I did this, for I did not need those kimonos, and I did not realize what I had done until I was approached by the store detective.

"My husband is a travelling salesman. He is in Chicago now and he must never learn of what has happened to me. He has always given me plenty of money to supply my needs and this is the first time that I have ever done anything wrong."

"It is the Court's opinion that this case should be investigated and we remand the prisoner to the Tombs for one week," said Justice Steiner.

SEVEN MEN CLING TO MASTS OF WRECKED SCHOONER.

Life-Savers and Revenue Cutter Men Make Desperate Efforts to Save Crew of Doomed Vessel.

BEAUFORT, N. C., Jan. 19.—Seven men, the crew of a three-masted schooner, which was today wrecked on the Diamond Shoals, were this afternoon clinging to the top-

masts and rigging of their sinking vessel, while life-savers and revenue cutter men made heroic efforts to rescue them. When the vessel struck the shoals, the life-savers, from several nearby stations, who saw the vessel go down and watched the men take to the rigging, hastened to their boats, but for set in before they reached the spot.

The predicament of the shipwrecked men was learned on the Diamond Shoals lightship and wireless calls were sent out for assistance. The calls were picked up by the revenue cutters Itasca, cruising off the Cape Fear coast, and the Onondaga, at work in Chesapeake Bay. Immediately the cutters sent word they were on their way. The fate of the vessel is not known.

"I was a travelling salesman. He is in Chicago now and he must never learn of what has happened to me. He has always given me plenty of money to supply my needs and this is the first time that I have ever done anything wrong."

"It is the Court's opinion that this case should be investigated and we remand the prisoner to the Tombs for one week," said Justice Steiner.
